PANTHER POST

MAY/JUNE 2009

Dear Parents and Students,

Once again another school year is nearing the end. The 2008 – 2009 school year is one that we can look back upon with much pride and satisfaction. Our students have excelled not only in the classroom, but also in their many extra curricular activities as well. Throughout this newsletter you will read about the many awards ceremonies and school activities in which our students have been involved. The administration and faculty are extremely proud of all our students! This has also been a year filled with uncertainty and insecurity as it relates to the future of education in our state. School budgets have been slashed and tough decisions must be made regarding school expenditures. I can confidently share, however, that with the support of the city and CSUSA in our budget planning, our school will continue to provide our students with a quality education. One of the positive features of a charter school is being able to do more with less!

As this school year comes to an end, the staff is busy preparing for a new school year to begin in August. We are looking forward to welcoming a new group of sixth graders and will be hosting an orientation in our theatre for 6th grade parents on Monday, July 13, 2009 at 6:00 PM and incoming 6th grade students on Thursday, August 13, 2009 from 7:45 AM – 12:30 PM in the cafeteria . Also during the summer the discipline committee will meet to determine ways to improve our discipline process. There will be some changes to the discipline code for the new year, so I urge you to be sure to read through the packet of information you will receive in the fall.

On another note, students are reminded to complete the summer reading assignment. Middle school students will be reading Jeremy Fink and the Meaning of Life by Wendy Mass and high school students will be reading A Thousand Splendid Suns by Khaled Hosseini. Once again, the purpose of the summer reading program is to instill in our students the joy and love of reading. Teachers will provide follow up lessons and activities related to the books during the first month of the new school year. The books are on sale at the Barnes and Noble Bookstore on University across from the school or students may check the book out of the local library.

Enjoy the summer!

Regards,
Billie Miller

CSCS CELEBRATES 10 YEARS OF PREMIER EDUCATIONAL EXCELLENCE!

Coral Springs Charter School invites the public to join in celebration of an educational milestone! On Friday May 15th, from 3:00 – 5:00 PM, the Coral Springs Charter School will celebrate its 10 year anniversary by presenting a special program of music, drama and art in the school's theatre.

Realizing the need to address overcrowding in the local schools, the City of Coral Springs made the decision ten years ago to convert the old Coral Springs Mall into a charter school. Charter Schools USA was hired by the city to manage this new school. Combining a need to revitalize downtown Coral Springs while at the same time making a much needed investment in the future of public education, the City of Coral Springs took on the bold initiative to work with various State and County agencies and private companies to create one of the first and largest municipal charter schools in the State. "After ten years there is much to celebrate" said the school's principal, Ms. Billie Miller. In just ten years, the school has achieved A+ status five consecutive years, along with the development of outstanding fine arts and athletic programs. The students, faculty and staff at Coral Springs Charter School continue their commitment to a premier educational community and look forward to many more years of success.

Space is limited for this event, so RSVPs are a must. If you plan to attend, please RSVP no later than May 8th to Dina Hocker at dhocker@coralspringscharter.org.

NURSE'S NOTES

We are soon coming to the end of another school year and with that come a few reminders. Those students who have medication in the clinic must have an adult come to get it or it will be discarded at the end of school. Permission forms for medication in school are good only for the school year. If you want to have medication available next year, a new form must be obtained and filled out at the start of the new school year in August. Emergency /prescription medications will also be discarded if not picked up by an adult. Students entering 7th grade must have their immunizations up to date in order to enter 7th grade. Your pediatrician/health dept. can tell you what if anything your child needs to be up to date. After the summer break, I will once again need donations to provide snacks/drinks to students. If you would like to help and receive volunteer hours the procedure is providing a cash register receipt for your donations and you will receive 1 hour for each \$10.00 of donations. Please remember to make them healthy snacks and avoid anything with or manufactured near nuts if possible. Thanks to all my faithful volunteers who without which I would not be able to do all the required screenings. You are all so wonderful and I appreciate you so much. Warmest regards for a terrific summer! Nurse Willoughby

The contest is hosted by The National Organizations for Youth Safety and Keep the Drive, a program of The Allstate Foundation, which are dedicated to reduce the number of teens killed in car crashes each year.

In recognition of the Coral Springs Police Department & North Broward Medical Center Trauma Unit continuous effort of saving the lives of citizens involved in car crashes & support of Teen Traffic Safety, CSC-SADD honored the CSPD officers during their Roll Call on Friday April 24th & attended a briefing session with North Broward Medical Center Trauma Unit Staff of doctors, nurses, & ems providers. For the Act Out Loud - for Safe Teen Driving Contest, CSC-SADD began executing our project on March 9, 2009 and we have until May 8, 2009 to complete it. During this time, we have document our progress on our team's blog on **www.ActOutLoud.org**. Attention Parents:

As you may have already seen or read in the news media, there have been a number of confirmed cases of the Swine Influenza reported in Mexico and several American states. As a precautionary measure and to prevent the spread of this highly contagious influenza virus, you should keep your child at home if he or she exhibits flu-like symptoms, like fever, coughing, sneezing or headache. You should also consider staying home from work at the onset of flu symptoms to prevent spreading the disease. Also, as a preventative measure you should practice yourself and also emphasize with your children frequent and thorough hand washing and sneezing and coughing into tissues, as well as avoiding physical contact with people who exhibit flu-like symptoms. While there have been no confirmed Swine Flu cases reported in Florida to date, you should adopt the previously mentioned precautions anyway to prevent being infected by and spreading communicable diseases.
